

Special Assistance Duties

Fall 2008 Soccer Season

All volunteer organizations rely on the dedication and hard work of its' members. The SPSA coaches, referees, board members, and committee helpers give countless hours to make soccer a success in South Park. Due to the continued growth of both the in-house and travel programs, and the popularity of special events like Community Day and Tournament Day-- we have a large workload to spread among the members of the South Park Soccer Association. We estimate it will take over 2000 volunteer hours to handle the activities and obligations of the association. While board members do much of this work, the rest of the duties must be divided among the teams. If needed, you or your team may arrange to trade duties with another assigned team.

Please have assigned parents sign in at your time and place to receive credit. For questions, please contact Tom Briggs, Dave Altschaffl, Keith Malenich or Bob Felix, your In-House commissioners.

Thank you in advance for helping with your assigned duties.
